

SuRo Capital Corp. Reports Second Quarter 2025 Financial Results

August 6, 2025

Ongoing Net Asset Value Growth Driven by AI-Focused Investments

Net Asset Value of \$9.18 Per Share as of June 30, 2025

NEW YORK, Aug. 06, 2025 (GLOBE NEWSWIRE) -- [SuRo Capital Corp.](#) (“**SuRo Capital**”, the “**Company**”, “**we**”, “**us**”, and “**our**”) (Nasdaq: **SSSS**) today announced its financial results for the second quarter ended June 30, 2025. Net assets totaled approximately \$219.4 million, or \$9.18 per share, at June 30, 2025, as compared to \$6.66 per share, at March 31, 2025 and \$6.94 per share at June 30, 2024.

“The second quarter of 2025 marked SuRo Capital’s strongest performance since our inception, highlighted by a greater than 35% increase in NAV per share,” said Mark Klein, Chairman and Chief Executive Officer of SuRo Capital. “This exceptional growth was fueled by broad market recognition of the value being created by AI infrastructure companies. CoreWeave’s successful IPO and strong post-IPO trading were key drivers of this appreciation. In addition, OpenAI’s historic \$40 billion capital raise at a \$300 billion post-money valuation—the largest private financing ever for a technology company—further validated the demand for transformative AI platforms. We also saw encouraging activity elsewhere across the portfolio. Canva is reportedly preparing for a secondary tender at a \$37 billion valuation, and Colombier Acquisition Corp. II completed its merger with GrabAGun, further building on SuRo Capital’s SPAC sponsor strategy success,” Klein added.

Mr. Klein continued, “Beyond these marquee events, we remain focused on investing in the next generation of category-defining companies. In April, we deployed \$5 million into Plaid through a wholly owned SPV. Plaid is a foundational fintech platform that connects financial applications to consumers, reaching an estimated one in every two adults in the U.S.”

“As a result of this strong performance and momentum across our portfolio, our Board of Directors declared an initial cash dividend of \$0.25 per share. This dividend is driven by successful monetizations of SuRo Capital’s public securities. Based on current portfolio activity and subject to Board approval, we intend to announce additional distributions throughout the remainder of the year,” Mr. Klein concluded.
