Forward Looking Statements

This presentation contains forward looking statements that involve substantial risks and uncertainties. All forward-looking statements included in this presentation are made only as of the date hereof and are subject to change without notice. Actual outcomes and results could differ materially from those suggested by this presentation due to the impact of many factors beyond the control of GSV Capital Corp. ("GSVC"), including those listed in the "Risk Factors" section of our filings with the Securities and Exchange Commission ("SEC"). Any such forward-looking statements are made pursuant to the safe harbor provisions available under applicable securities laws and GSVC assumes no obligation to update or revise any such forward-looking statements unless required by law.

Certain information discussed in this presentation (including information relating to portfolio companies) was derived from third party sources and has not been independently verified and, accordingly, GSVC makes no representation or warranty in respect of this information.

The following slides contain summaries of certain financial and statistical information about GSVC. The information contained in this presentation is summary information that is intended to be considered in the context of our SEC filings and other public announcements that we may make, by press release or otherwise, from time to time. We undertake no duty or obligation to publicly update or revise the information contained in this presentation unless required by law. In addition, information related to past performance, while helpful as an evaluative tool, is not necessarily indicative of future results, the achievement of which cannot be assured. You should not view the past performance of GSVC or any of its portfolio companies, or information about the market, as indicative of GSVC's or any of its portfolio companies' future results. The performance data stated herein may have been due to extraordinary market conditions, which may not be duplicated in the future. Current performance may be lower or higher than the performance data quoted. This presentation does not constitute an offer to sell or the solicitation of an offer to buy any securities of GSVC.

New Additions to Portfolio

Ozy Media Thesis

Ozy is building the iconic media brand for the Change Generation by producing future-orientated content on unconventional and undiscovered trends rather than stale news stories that are covered by other existing news outlets.

Curious.com Thesis

"Learning as a lifestyle" is becoming the new norm, driven by mobile device proliferation, ubiquitous broadband, and advances in content curation and delivery technology.

JAMF Thesis

As Apple products have become more prominent in the business and educational environments, JAMF is well-positioned to become the go-to platform for IT administrators operating in the space.

ePals Thesis

Social learning has gone global, and students and teachers will benefit from ubiquitous access to the best curriculum, materials and technology. We expect that natively collaborative applications that use a global community of learners—such as the type ePals has built—will enjoy extraordinary network effects.

PayNearMe

PayNearMe Thesis

PayNearMe is the leading cash-based payments platform, allowing consumers to pay their rent, utility bills and loans, buy tickets online, through an existing presence in over 17,000 Family Dollar, 7-Eleven, and ACE Cash Express stores.

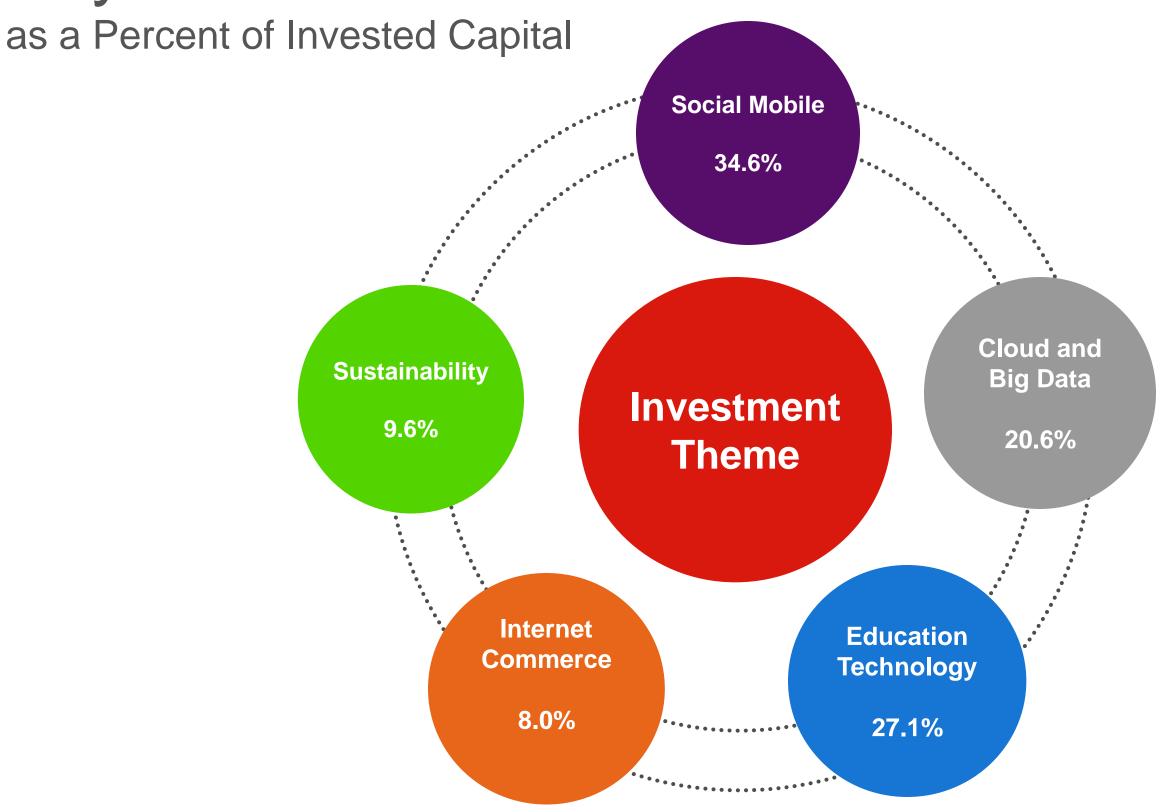

Knewton Thesis

The shift to digital and online is enabling what many educators consider to be the "Holy Grail" of learning—personalized, adaptive instruction and assessment. Knewton's personalized learning system has the potential to be the engine that powers this change.
